PerformRx Specialty Network

PerformRx will offer a network pharmacy contract to any pharmacy willing to participate in the PerformRx specialty network, as long as the pharmacy is able to meet standards established by PerformRx, the plan sponsor, and relevant federal and state laws.

PerformRx specialty contracts allow access to all medications designated as specialty by PerformRx unless specifically addressed in the contract. A list of available specialty medications is available at performrx.com.

PerformRx will allow access to medications dispensed at out-of-network pharmacies when the drug(s) cannot be obtained at a network pharmacy (limited distribution) or if the network pharmacy cannot serve the Participant in the timeframe needed to prevent negative impact.

Below is a list of PerformRx specialty providers as of **January 2025**:
